Attn: Magalie R. Salas

This letter is being written to inform you of my opinion regarding Broadwater, the proposal to place a Liquefied Natural Gas terminal in the middle of Long Island Sound. I feel that it would be extremely costly and risky to have this terminal so close to our shoreline. The Long Island Sound is peaceful and tranquil and this type of structure would be very disruptive to the environment.

Please do not let this proposal go through.

Thank you.

Regards,

Nancy Mauro
